

## WELCOME TO KAVOD COFFEE!

Something amazing is brewing at the Barry Family Campus lobby! We're excited to introduce Kavod Coffee, a brand-new coffee cart at the Barry Family Campus in St. Louis Park. But this isn't just your regular morning stop — Kavod Coffee is all about connection, inclusion, and community.

Operated by incredible associates and participants from our adult inclusion program, this project was created in partnership with the Minneapolis Jewish Federation and operated by eQuality, offering meaningful employment experiences for Jewish adults with intellectual and developmental disabilities. Kavod Coffee gives participants a chance to build confidence, learn lifelong skills, and serve up smiles — one cup at a time.

Stop by for your favorite drink, meet the amazing associates behind the counter, and be part of something that truly makes a difference — where every sip supports inclusion, dignity, and community pride.
